MEMORANDUM FOR THE RECORD

SUBJECT: Fuel at Midway

25X1A

25X1A

1. The undersigned called [redacted] today to request additional fuel at Midway. [redacted] had called yesterday to request 7000 additional gallons so I asked that it be increased to 7600 gallons. This would give 6000 gallons to be used this month and leave 4000 gallons as the required stock level.

25X1A

2. I requested that this fuel be in place by the 20th of January and [redacted] said he would put 8000 gallons in.

25X1A

3. In the future we will request Materiel Staff to order fuel from AFCIG-5 and I so advised [redacted].
